Tax Exemptions: (\*) Exempt from the payment of all taxes or duties of the United States, as well as from all taxation in any form by or under State, municipal, or local authority. (The Supreme Court has held that this exemption does not extend to estate or inheritance taxes imposed by Federal or State authority.)

(\*) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess-profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved Sept. 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above.

(\*) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess-profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved Sept. 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above. For the purpose of determining taxes and tax exemptions, the increment in value of savings bonds represented by the difference between the price paid and the redemption value received (whether at or before maturity) shall be considered as interest.

Attention is invited to Treasury Decision 4650 ruling that bonds, notes, bills, and certificates of indebtedness of the Federal Government or its agencies, and the interest thereon, are not exempt from the gift tax.

(\*) Exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

(\*) Exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority; and the amount of discount at which Treasury bills are originally sold by the United States shall be considered to be interest within the meaning referred to herein.

Any gain from the sale or other disposition of Treasury bills shall be exempt from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority; and no loss from the sale or other disposition of such Treasury bills shall be allowed as a deduction, or otherwise recognized, for the purposes of any tax now or hereafter imposed by the United States or any of its possessions.

In hands of foreign holders.—Bonds, notes, and certificates of indebtedness of the United States, shall, while beneficially owned by a nonresident alien individual, or a foreign corporation, partnership, or association, not engaged in business in the United States, be exempt both as to principal and interest from any and all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

**RECEIVABILITY IN PAYMENT OF CERTAIN TAXES:**

Federal estate or inheritance taxes.—Treasury bonds and Treasury notes, bearing interest at a higher rate than 4 per centum per annum, which have been owned by any person continually for at least 6 months prior to the date of his death and which upon such date constitute part of his estate are receivable by the United States at par and accrued interest in payment of Federal estate taxes.

Federal income and profits taxes.—Treasury notes, Treasury certificates of indebtedness, and Treasury bills, maturing on tax-payment dates, are receivable at par in payment of income and profits taxes payable at the maturity of the notes, certificates, or bills.

**NOTE.**—This statement is made on the basis of the face value of the securities therein described as received by the United States, with due allowance for repayments. To the extent that the securities are not held in the custody of the Treasury, the statement is made up from reports received from other Government departments and establishments.

<sup>a</sup> Indebtedness of Czechoslovakia has been funded under the agreement of Oct. 13, 1925, but the original obligations have not been exchanged for the new bonds of that Government.

<sup>b</sup> Differences between principal here stated and face amount of obligations provided for in funding agreements represent deferred payments for which, under the funding agreements, gold bonds of the respective debtor governments have been or will be delivered to the Treasury.

<sup>c</sup> The German Government has been notified that the Government of the United States will look to the German Government for the discharge of this indebtedness of the Government of Austria to the Government of the United States.

<sup>d</sup> Original amount (\$86,560,560.43) included bonds aggregating \$21,970,560.43 representing interest accruing and remaining unpaid during first 14 years, payment of which under the Funding Agreement is extended over the last 48 years.

<sup>e</sup> The United States holds obligations in the principal amount of \$289,898.78, which, together with accrued interest thereon, are to be canceled pursuant to agreement of Apr. 14, 1938, between the United States and the Republic of Nicaragua, ratified by the United States Senate on June 13, 1938.

<sup>f</sup> Division of German bonds between private awards and Government awards is an estimate based upon best information available at this time. When Mixed Claims Commission has completed its duties, a more accurate division may be made. Awards generally bear interest at 5 percent per annum. Bonds do not bear interest, but the aggregate face amount thereof will be sufficient to cover payment of the principal and interest due on the total awards finally entered by the Mixed Claims Commission. Bonds for private awards are held in trust, the proceeds thereof when received at maturity to be distributed by the Treasury to the claimants. Bonds mature on Mar. 31 and Sept. 30 of each year in the principal amount of RM20,400,000 each. No payments are to be made on Government awards until all private awards are paid in full.

<sup>g</sup> Cash on deposit with the Treasurer of the United States to the credit of all war emergency corporations having such deposits amounted to \$584,177.67.
